This Week's Focus

- Math: This week we started unit 4, and really focused on fractions and percents. The students seem to be doing well.
- Language Arts: We continued working in unit 2, and really focused on sequence order and realistic fiction.
- Social Studies/Science: The students were introduced to the first thirteen colonies, and started a new project.

Next Week's Focus

- Math: We will continue working with fractions and percents, and start finding the equivalents.
- Language Arts: We will continue working with sequence of events, and reading realistic fiction stories throughout the week.
- Social Studies/ Science: The students will continue working on their thirteen colonies menu project, and take a short quiz on Friday.
